

BUSIT New Looks Timetables | User Guide

We're making it easier than ever to plan your journey with BUSIT! From Wednesday 2 April 2025, our digital timetables are upgraded to be more interactive, accurate, and user-friendly.

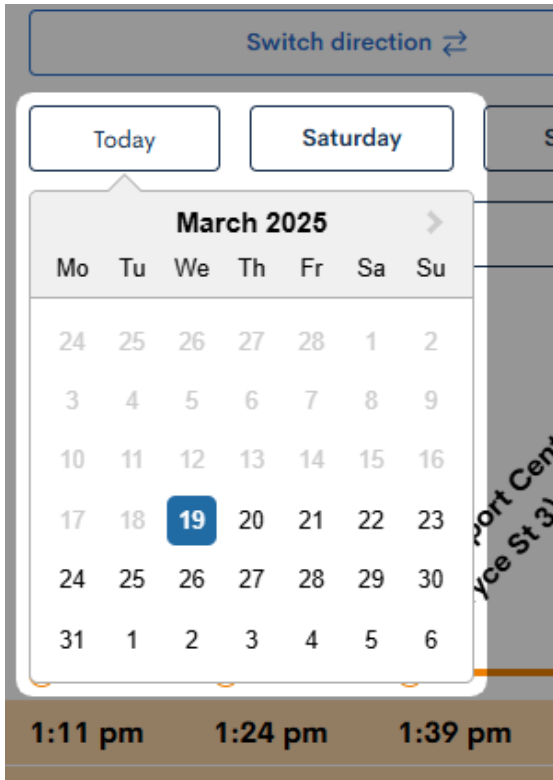

We hope you enjoy these website improvements and that they make journey planning easier.

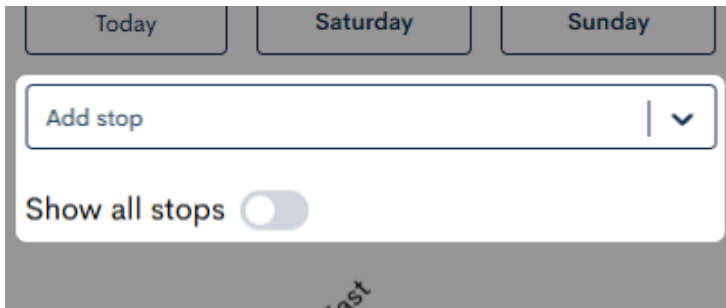

What's New?

Switch Direction Easily – Use the "Switch Direction" button to toggle between inbound and outbound timetables with just one click.

Select Your Travel Date – Timetables now default to today’s schedule, but if you're planning ahead, you can pick a future date to see the exact timetable for that day, including any upcoming changes or public holiday adjustments.

View All Stops – Key stops are shown when you first load a timetable. To check departure times for any stop select a specific one from the dropdown or turn on all stops.

2:58 pm	3:11 pm	3:28 pm	4:00 pm
<small>Next Service</small> 3:11 pm	3:24 pm	3:41 pm	4:18 pm
3:28 pm	3:41 pm	4:00 pm	4:28 pm

Next Trip Indicator – When viewing today’s timetable, it will automatically skip to the next upcoming service, so you can quickly see what’s relevant. To view earlier trips, use the date picker to view your specific date of travel.

Always Accurate, Always Up to Date – Timetables are now automatically updated from our scheduling system, so you’ll always have the latest timing information—no outdated schedules!
